16-19 BURSARY POLICY

Approved by SMT: 25 th April 2023	Approved by Staff: 2 nd May 2023	Approved by Governors: N/A
Next Review date: Summer 2024	Person(s) responsible for review: SBM	

Introduction

The school receives a limited allocation which is managed in accordance with guidelines laid down by the ESFA (Education and Skills Funding Agency). This policy is based on the recommended Local Authority Model Policy with some adaptations made specifically for a Complex Needs School.

To be eligible, students must be aged between 16 and 19.

Pupils who become 16 during their time in year 11 will not be eligible for the 16-19 Bursary until they begin year 12 in school. Pupils must be under 19 on 31 August in the academic year they start their programme of study. Where a student turns 19 during their programme of study, support will continue until the end of the academic year they turn 19 or the end of the programme of study, whichever is sooner.

The school will use the fund to support the most vulnerable young people to participate in and benefit from post-16 education and training, and will look to raise awareness of the fund wherever possible.

What a bursary is for

The bursary is money that you, or your education or training provider, can use to support with the cost of essential items linked to your studies here at Sheringham Woodfields School. This may include:

- clothing, uniform, books and other equipment for your course/studies
- transport and lunch on days you attend Sheringham Woodfields School
- the school also has the discretion to support with one-off emergency food support in cases of severe financial hardship

Guaranteed Bursaries to Students in Most Vulnerable Groups

The school will approve applications from

- Young people in care
- Care leavers
- A Young person receiving Income Support, or Universal Credit because they are financially supporting themselves or financially supporting themselves and someone who is dependent on them and living with them such as a child or partner
- A Young person receiving Disability Living Allowance or Personal Independence Payments in their own right as well as Employment and Support Allowance* or Universal Credit in their own right

*Additional advice taken from the Gov.uk website - Some schools have asked for confirmation that students can claim Employment and Support Allowance in their own right while living in the parental home. This is correct - students do not necessarily need to be living independently. Institutions may wish to remind parents (in any application form they use or on their websites) that they will not be able to continue to claim Child Benefit if the student successfully applies for ESA.

Eligible students will receive a bursary of up to £1200 a year (dependent on need). Payment will be made by BACS or by cheque either as a one off payment or via up to 3 equal instalments at the end of each school term, dependent upon satisfactory attendance and behaviour at school. The frequency of payments will be determined by the school in consultation with the student and their family/guardians where appropriate. Sheringham Woodfields School wishes to support young learners where possible to access funding in a quick and efficient manner.

The school is also able to pay bursaries direct to NCC Transport should you wish to use your bursary award to cover the cost of Post-16 transport.

To be able to process a bursary, the school will need confirmation that the young learner in question falls into one of the above categories.

Discretionary Bursaries

Applications for a discretionary bursary will be considered from those pupils who are not eligible for the Guaranteed 16-19 Bursary, but who fall within the age criteria (as set out above). Free School Meal eligibility will be considered when reviewing completed applications. It is likely that a learner in receipt of FSMs will receive a larger grant when compared to learners who are not in receipt of FSMs.

Eligible students may receive a discretionary bursary to help them with financial barriers to participating, but this is dependent on: evidence of need, government funding and the volume of eligible applications. Payment will be made by cheque/BACS, or a direct payment to PTU, either as a one off payment or via up to 3 equal instalments at the end of each school term, dependent upon satisfactory attendance and behaviour at school. The frequency of payments will be determined by the school in consultation with the student. Sheringham Woodfields School wishes to support young learners where possible and will seek to pay approved funds to the person as soon as possible and as easily as possible.

The school will wait to receive written confirmation of its bursary allocation before any discretionary bursaries are awarded.

The school will work with applicants to ascertain household circumstances in relation to the amount requested on the application form. The school will need to assess the actual financial need of the young learner as per the DfE gov.uk guidance issued June 2022. Once your application has been received the school will be in touch to discuss further with you.

Additional Discretionary Bursary

Up to 5% of the total allocated funding will be retained in the school budget towards administration costs, and any remaining funding will be available to eligible pupils towards unexpected costs related to remaining in education. For students attending complex needs schools, once they turn 16, there can be additional costs that students need to meet. The discretionary bursary will help support these if the need arises (dependent on funds being available). The amount due to each pupil will depend on the remainder of the allocated funding and the level of need.

General

The school will annually advise a date at the start of the Autumn term by which time all applications should be submitted for assessment. Where possible, the school will try to get forms in place before September to aid smooth and efficient administration.

For those pupils eligible for a bursary up to the value of £1200, the school will submit paperwork to the ESFA requesting the money. This money is then transferred to NCC Finance who in turn transfer it to Sheringham Woodfields School. Once the school has received it we will be in a position to pay out accordingly. Please be aware this can take several months after the start of the Autumn term.

The school will maintain a record of all applications and awards including number, value, whether awarded or not, and brief justification.

Any personal documentation sent to the school e.g. letters confirming receipt of benefits, will be photocopied and originals returned to the submitter as soon as possible. Records of evidence will be kept in line with the schools Retention of Records Policy.

All cheque payments will be made out in the name of the young learner, unless there is evidence to suggest this would not be appropriate. This is the same for BACS payments. They will be made to the young person unless the application form states otherwise. If payments need to be made to a parent/carer/guardian, this must be included on the application form.

Payments can also be made direct to Norfolk County Council towards the cost of transport if this the reason for the request for funding. The School have a system in place to be able to make direct credit card payments to NCC. If this is done, the School will keep receipts for all associated transactions. There is no card handling fee currently associated with these card payments.

Appeals/Complaints

In the event that a student wishes to appeal against the decision made, they are requested to follow the school's standard complaints procedure. (Available upon request and direct from the schools website - www.sheringhamwoodfields.co.uk).
