Sheringham Woodfields School

Curriculum Information for Families 2026-2027

Term: Autumn 2 Class: Oak

Strand and Profile	Profiles in Class	Ideas for Home
Communication and Literacy	In our **English** lessons, we will continue reading the book Three Little Vikings by Bethan Woolvin We will be following our Talk 4 Writing scheme beginning with our immersion into the book, story and characters through engaging, imaginative and fun activities. Pupils will build their vocabulary and narrative skills with the support of our sign-along routines. We will then learn our 5 sentence story before mapping it out. We will then innovate aspects of the story and create our own story. Pupils will have a weekly **Library** session where they can read for pleasure while working on focussed reading skills. Pupils will also complete **1:1 Reading** each week.	Read your book from the Library at home with your family before bringing it back to school. Our Library session is on a Tuesday. Please return books each week so they can be changed over. Twinkl Reading books should be brought to school each day as 1:1 Reading can happen at different times in the week.
Mathematics and Problem Solving	In our **Maths** lessons, our topic will be measurement: geometry and shape. We will explore 2D shapes and 3D shapes, identifying the properties and features of these shapes. We will use concrete objects including 2D and 3D shapes in our lessons alongside images of shapes. Pupils will also use their prior knowledge of place value (learnt in Autumn 1) within our weekly **Cooking** sessions. Pupils will read measurements and amounts during their time in the Life Skills Kitchen. In **Computing,** we will start the term off with a lesson on e-safety and how to remain safe online. Our topic this half term remains around combining words and pictures to create something. Pupils will learn a range of skills using Paint, Word Art, Word Documents and more to create project work. Towards the end of the term we will make images and texts related to Christmas.	Can you identify any real life objects that are different shapes? Have a look around your home to find different shaped and sized objects. Remember to use your safety knowledge when on devices at home. Never communicate with anyone you do not know online. Always monitor your child's devices and communication online.
Personal Development	In our **PSHE/Personal Development** lessons, pupils will learn about appropriate touch and greetings. We will discuss the different, healthy, safe ways we can greet and touch others. We will discuss the word 'consent' and how it is okay to say 'no' to touch/greetings. Pupils will also use their learning from last half term while continuing with our daily zones of regulation.	Have a chat with your grownups about greetings/touch that you want to use. Please feel free to communicate any elements of PSHE that we can support your child with in school.
Physical Development	In our **P.E.** lessons pupils will be working around gymnastic skills. Pupils will learn how to move their bodies in different ways and will do this through a range of games and activities. We will also be focusing on team work, playing fairly and respecting our personal space. Jason will lead these sessions.	Engage in physical activities regularly. This could involve walking, running, dancing, body percussion or yoga. If you would like to provide deodorant for your child for P.E. lessons that would be great!
Understanding the World	Our subject this half term is **History**. Pupils will be learning about changes through time related to toys. We will also have a themed day of **MFL** where we will be learning about Germany! We will find Germany on a map, learn about their culture, life, food, language and lots more! We will also have an **R.E.** day all about Christianity – including the Christmas story.	
Expression and Creativity	Our subject is **Music** this half term. Our topic will be hip-hop music. We will explore different types of music, identifying what we like/dislike. We will also learn a Christmas song for our Christmas show!	Have the radio/music on at home. Discuss your favourite types of music.
Personalised Learning	Pupils will complete activities towards their **EHCP targets and PLGs** every week. Learning will be sent home to families via EFL.	
Other information	Claire has PPA on Tuesday mornings. Tracey will teach our Library and Understanding the World lessons during this time. P.E. will be on Monday afternoons.
